Centers of Efficiency

Many are the arduous tasks that make a school of our size operate properly and smoothly. With the excellent help of the office secretaries, the offices are run in an extremely capable manner. To keep the many situations that arise under perfect control is a great task, but in the Kirkwood offices everything is handled very effectively.

Enthusiastic Parents

Incite Goals

The Board of Education and the P.T.A. Board are composed of conscientious citizens, who are striving to develop the minds and characters of students by promoting better teaching conditions and acquainting others with the need for improvement in school affairs. Through these two groups, the parents, teachers, administration, and interested citizens have an opportunity to co-operate in a program that will benefit pupils in their school work and extra-curricular activities.

NIPHER COUNSELORS
Mrs. Cochran, Mr. Wieldt, Mr. Clodfelter.

Nipher Advisors

The Nipher advisors, Mrs. Cochran, Mr. Clodfelter, and Mr. Wieldt help seventh graders become accustomed to a new system of classes and activities when they enter junior high school, maintain a happy environment for all students, and prepare pupils for senior high school. Their duties include preparing new schedules, counseling students having special problems, and aiding boys and girls who find adjustment to the different curriculum difficult. The results of their efforts are indicated by the well-rounded junior high program.

Helpful Guidance by Experienced Counselors

K. H. S. COUNSELORS
Mr. Cravens, Mr. Via, Miss Abbott.

K. H. S. Advisors

To help pupils choose the subjects they need, as well as truly enjoy their high school life in a thorough preparation for college, is the task and desire of our expert guidance staff. Miss Abbott, Mr. Cochran, Mr. Via, and Mr. Cravens hold conferences with parents and pupils during the second semester to plan schedules for the following year. Students needing special help may request conferences any time throughout the year. The advisor's eagerness to solve an individual's problems will long be remembered by grateful girls and boys.

MATHEMATICS

Individual thinking is developed in the math courses at Kirkwood High School. A knowledge of algebra, geometry, and trigonometry is of vital importance in the creation of future professionals. The mathematics courses encourage clear-thinking and perseverance, two virtues which are important in the development of an outstanding personality. Through the intelligent study of mathematical principles, students are prepared for future scientific, industrial, or professional careers.

They call this a mathematical chart!

ELECTIVES

The students at K. H. S. are proud of the large selection of electives which are offered. The typing and shorthand courses, always popular choices, provide an opportunity to acquire worthwhile skills. Such electives as mechanical drawing, music, practical arts, home economics, and drivers' education are designed to be not only educational but also enjoyable and relaxing. These courses present a chance to further talents and hobbies.

Exploration and Research Provide Thrills

SCIENCE

In our modern society, science plays a significant and important part. The person who has some knowledge of these subjects is more capable of coping with current problems. The four scopes of the science field taught at K. H. S. are Chemistry, Biology, Physics, and a new course, Natural Science. The purposes of these subjects are to aid future citizens in dealing with the present mechanized environment and to stimulate critical thinking as a basis for intelligent action in a democracy.

Now any minute we'll take off.

We tour the world.

Man's Aim Is A United World

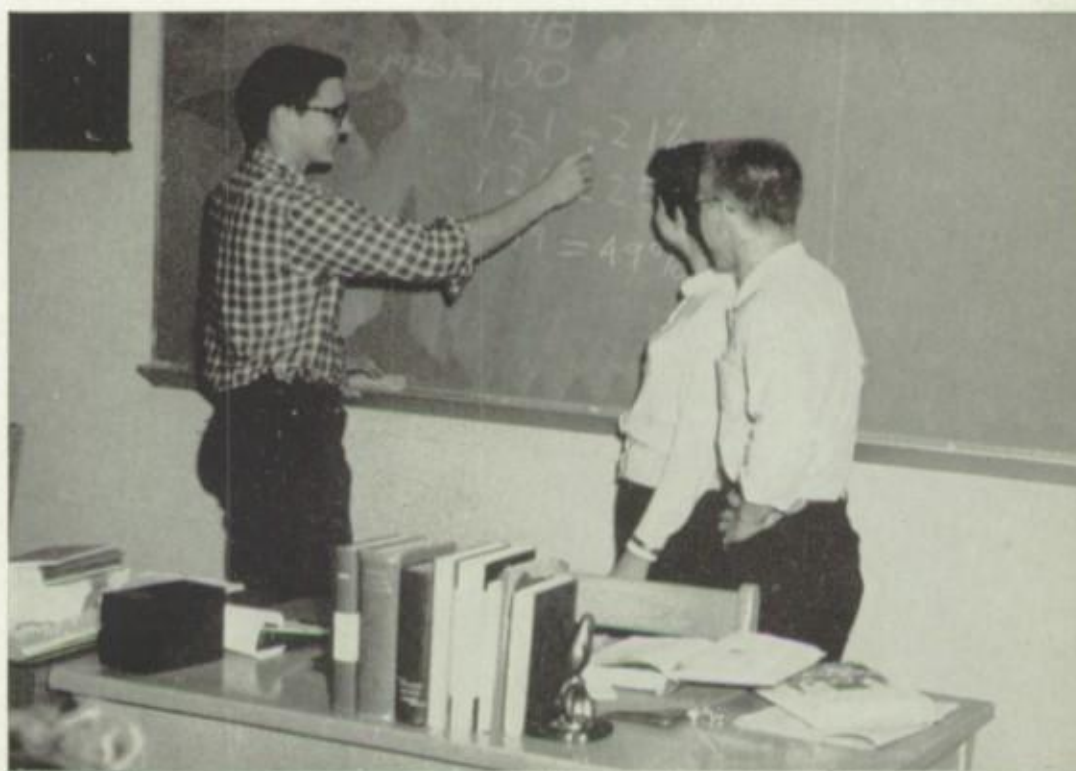

SOCIAL STUDIES

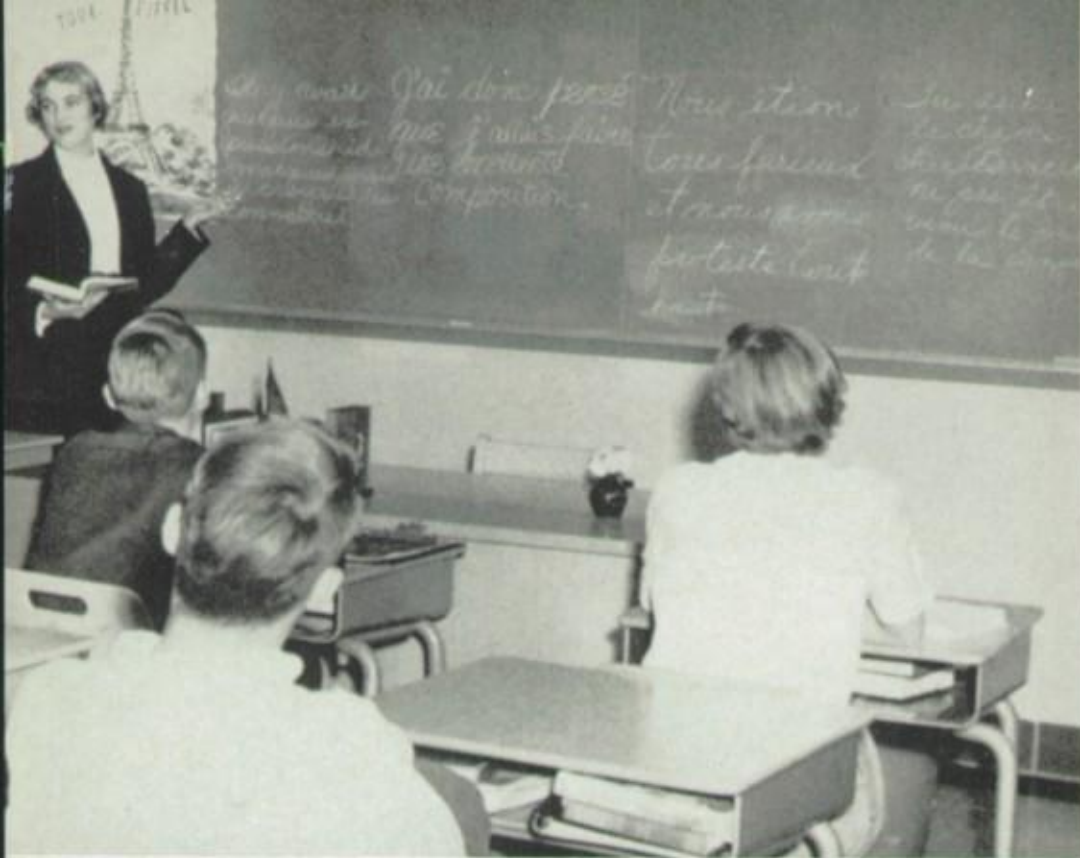

A vital department at K. H. S. is that of Social Studies for here we learn our responsibilities as future citizens. Each of the subjects—U. S. Government, Sociology, American History, Geography, and World History—strives to instill an understanding and tolerance of various peoples of the world. Through the exchange of ideas every student learns to appreciate the freedoms endowed to us. In all classes the democratic principle is kept in the spotlight, showing that America's greatness lies in its belief in democracy.

Here are our three American Problems.

FOREIGN LANGUAGES

The students of K. H. S. are fortunate in having three foreign languages—French, Latin and Spanish, from which to choose. Those who elect to take any of these acquire a knowledge of the structure of the language and a speaking command through translation. Mrs. Jennings, Miss Gregory, and Miss Boettner provide enthusiastic leadership in their classes, and strive to relate their teachings to English so that the student may obtain a fuller understanding of his own language. These courses also give a further understanding of the people of these countries.

ENGLISH

The English Department of K. H. S. plays an important role in the education of students. After learning the fundamentals of grammar and composition, we began enlarging our vocabularies through our literature textbooks and concluded with an intense study of "Word Wealth." In studying American, contemporary, and English Literature we learned to interpret all printed matter, emphasizing poetry, while in special classes speech techniques were taught. The goals of our English classes are to learn to express ourselves clearly and to create a more cultured society.

*How beautiful is youth! how bright it gleams
With its illusions, aspirations, dreams!
Book of Beginnings, Story without End,
Each mark a heroine, and each man a friend!
All possibilities are in its hands,
No danger daunts it, and no foe withstands;
In its sublime audacity of faith,
"Be thou removed!" it to the mountain saith,
And with ambitious feet, secure and proud,
Ascends the ladder leaning on the cloud.*

ADVENTURES

AT K.H.S.

Our Motto: Victory

Coaches: Lenich, Clodfelter, McClanahan

Captains: Marting, Almstedt.

High Scores: Moller, 36; Cannon, 17; Fowler, 12; Ernest, 12.

VARSIITY GAMES

Kirkwood 13 — DuBourg 6

Pioneers crush Cavaliers in opener. Cannon runs wild to set up first touchdown by Fowler. With 39 seconds to go Moller runs 27 yards to paydirt for clincher.

Power Through Foresight

Kirkwood 28 — Maplewood 6

Pioneers overpower Leafs for eleventh straight. Boillot blocks punt to set up touchdown in third quarter.

Kirkwood 27 — Ritenour 20

Team clips Huskies for number 12. Moller scores three, McDougal one for first league victory.

Kirkwood 0 — University City 13

The Pioneer's string of victories was finally shattered at the Indian's homecoming at unlucky 13. The Pioneers were hampered by the loss of Henley and Cannon; both were starters.

Kirkwood 7 — Normandy 14

Kirkwood thrown for second loss by Vikings. Long passes in the second and third quarters set up touchdowns which proved to be the difference between victory and defeat.

Kirkwood 7 — C.B.C. 18

Pioneers fall to only undefeated, untied team in the district. Two long runs and a long pass prove to be Pioneer's downfall. Aitken plunges over for Pioneer's only tally.

Kirkwood 13 — Country Day 33

Codasco single wing crashes through Pioneer defense. Team hindered by injury of four starters. Aitken and Fredricks contribute to Kirkwood cause.

Coaches: McClanahan, Lenich, Clodfelter.

Kirkwood 8 — Ferguson 0

Pioneers bounce back to winning ways as Bowman scores touchdown. Henley breaks into scoring column with safety.

Kirkwood 0 — Webster 7

Pioneers lose heartbreaker to Statesman in traditional Turkey Day game. Both teams were of even strength which proved to be one of the best played games of the season.

Do or Die!"

The 1957 Millermen earned a 16-10 record during a very hard fought season. They started off slowly with two wins out of the first eight games. These two Pioneer victims were Cleveland and DuBourg. Later in the season the Millermen bounced back to win their next nine out of eleven games. In the Webster Tournament unseeded Kirkwood upset top-ranked Webster to gain the finals only to be beaten by University City in the last three minutes 44-37 to secure second place. To climax the season the Pioneers won their regional by defeating Lindbergh, Afton, and Sullivan by large scores. The Millermen then went to State. In the first round they defeated DeSoto by the overwhelming score 72-50. The Pioneers, hampered by the over-all height of the North Kansas City Hornets fell by the score of 57-41 to terminate a fine season.

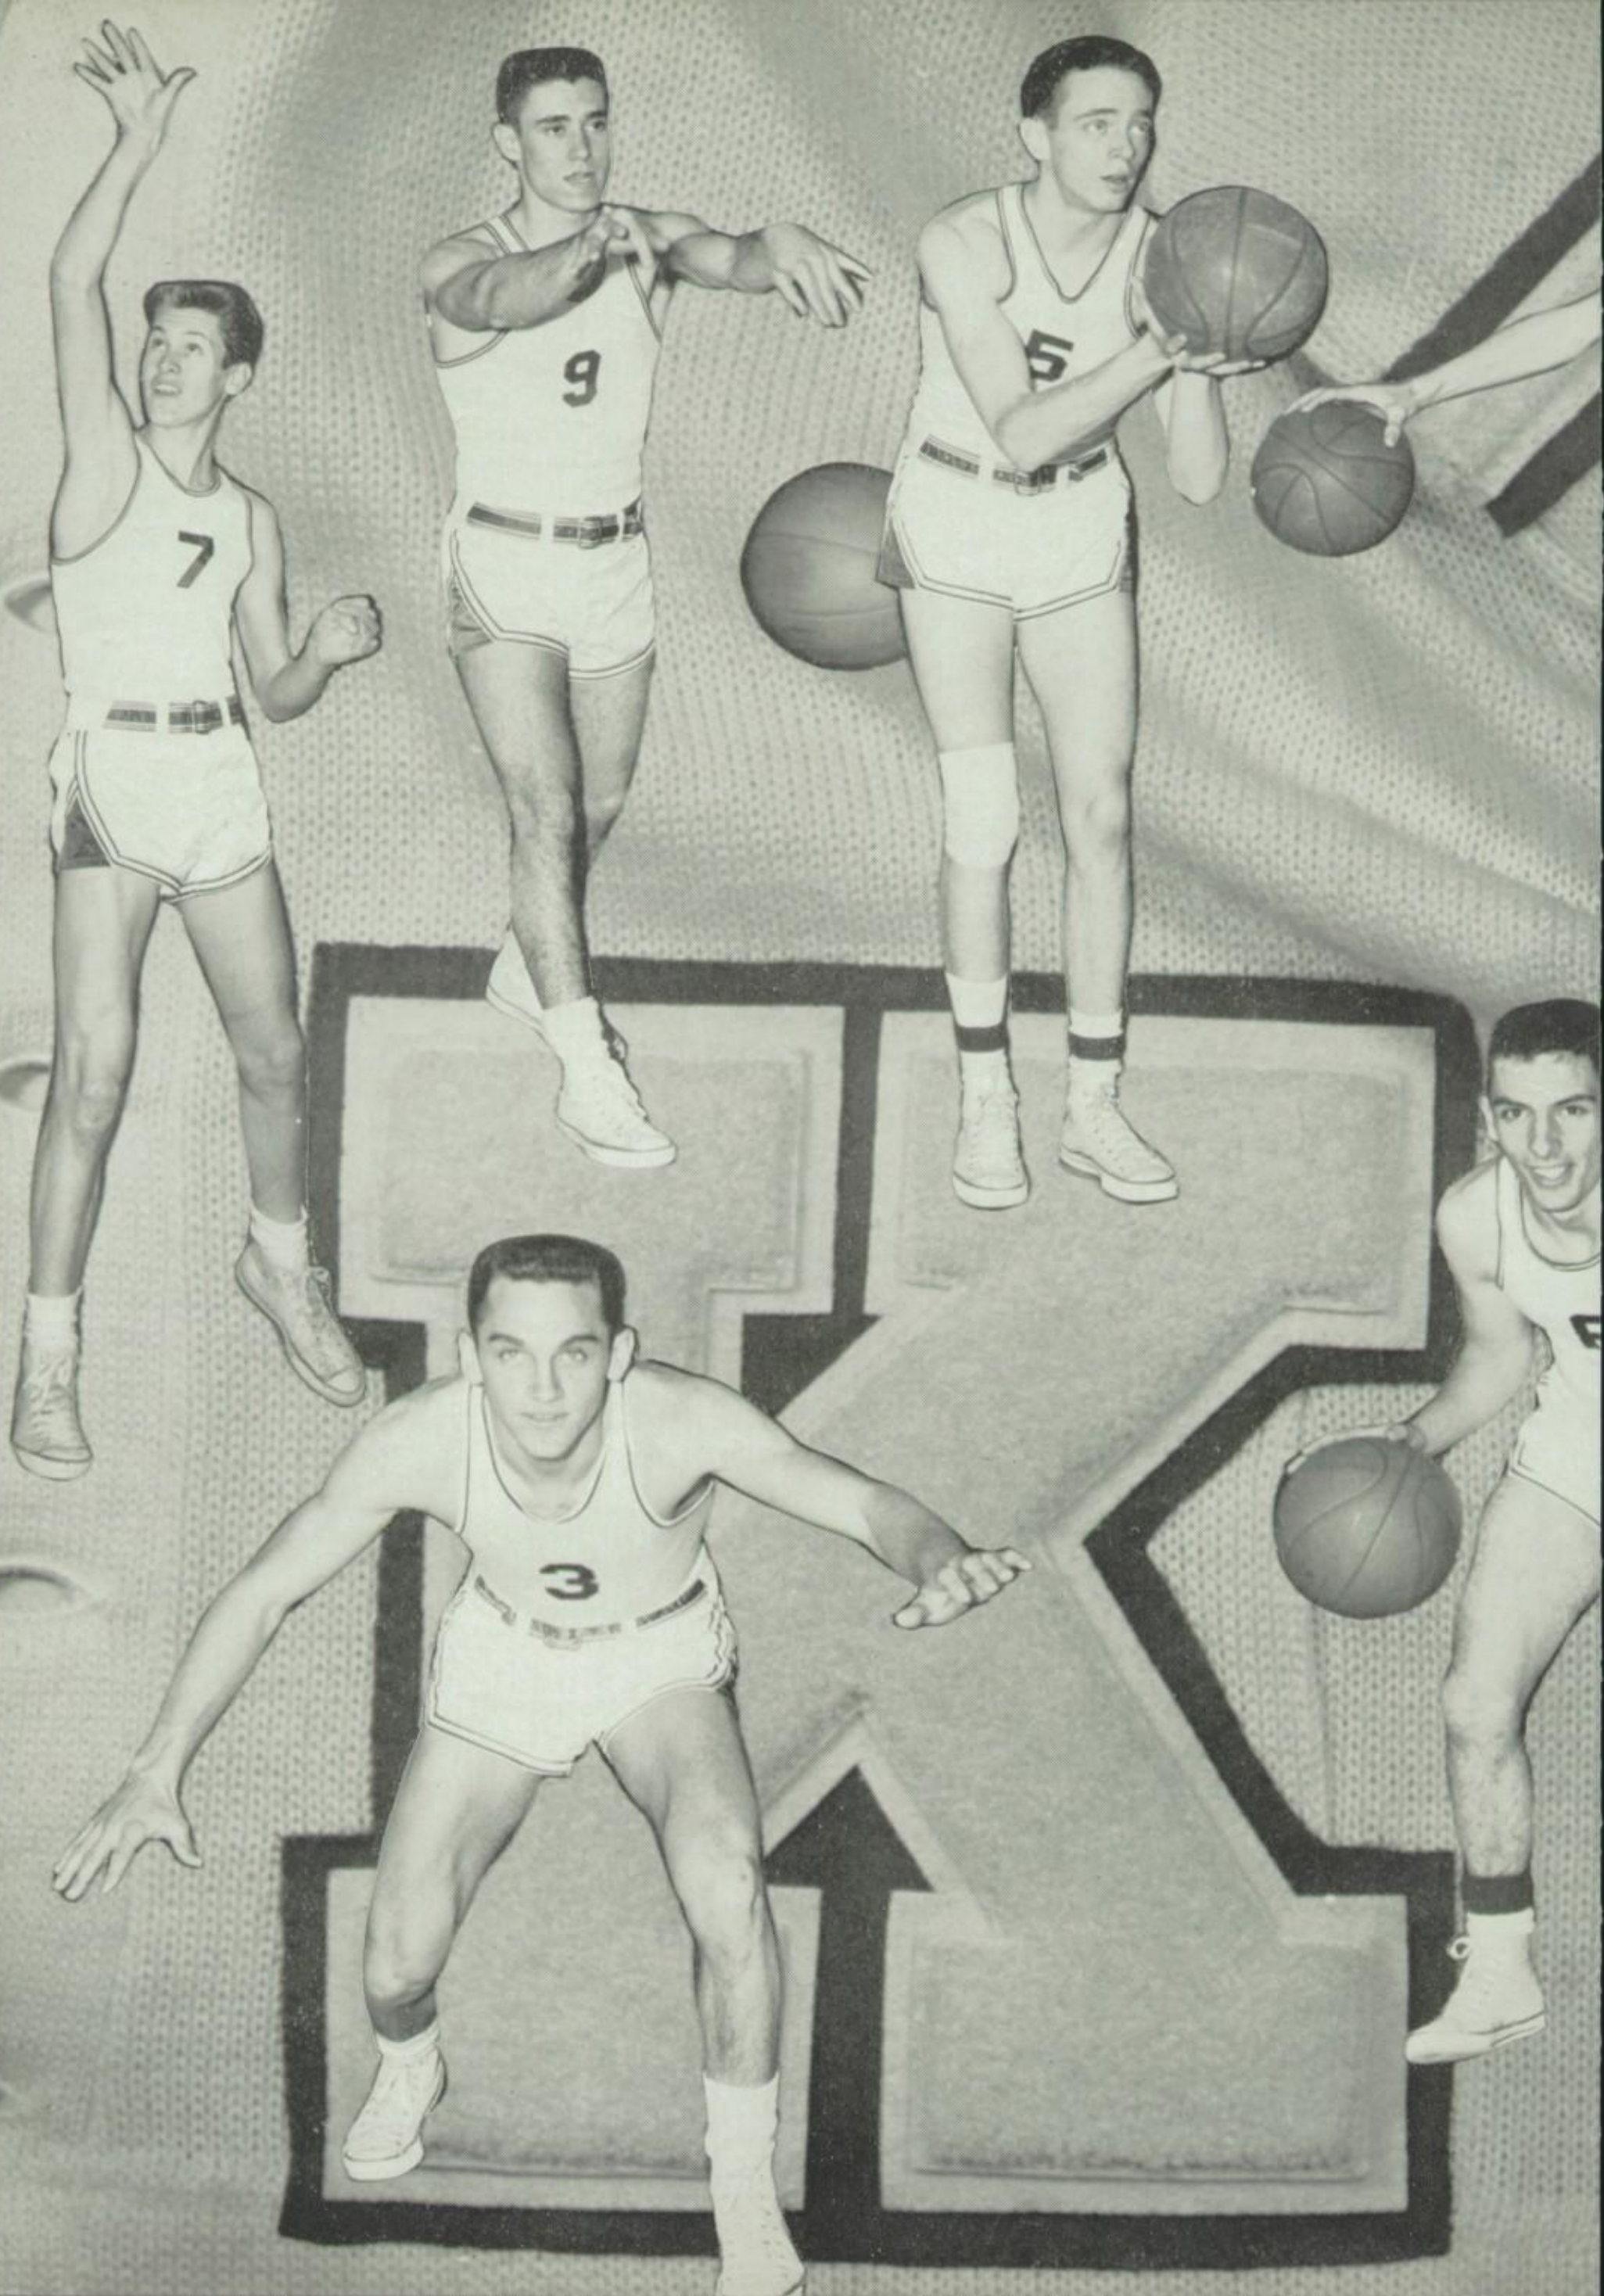

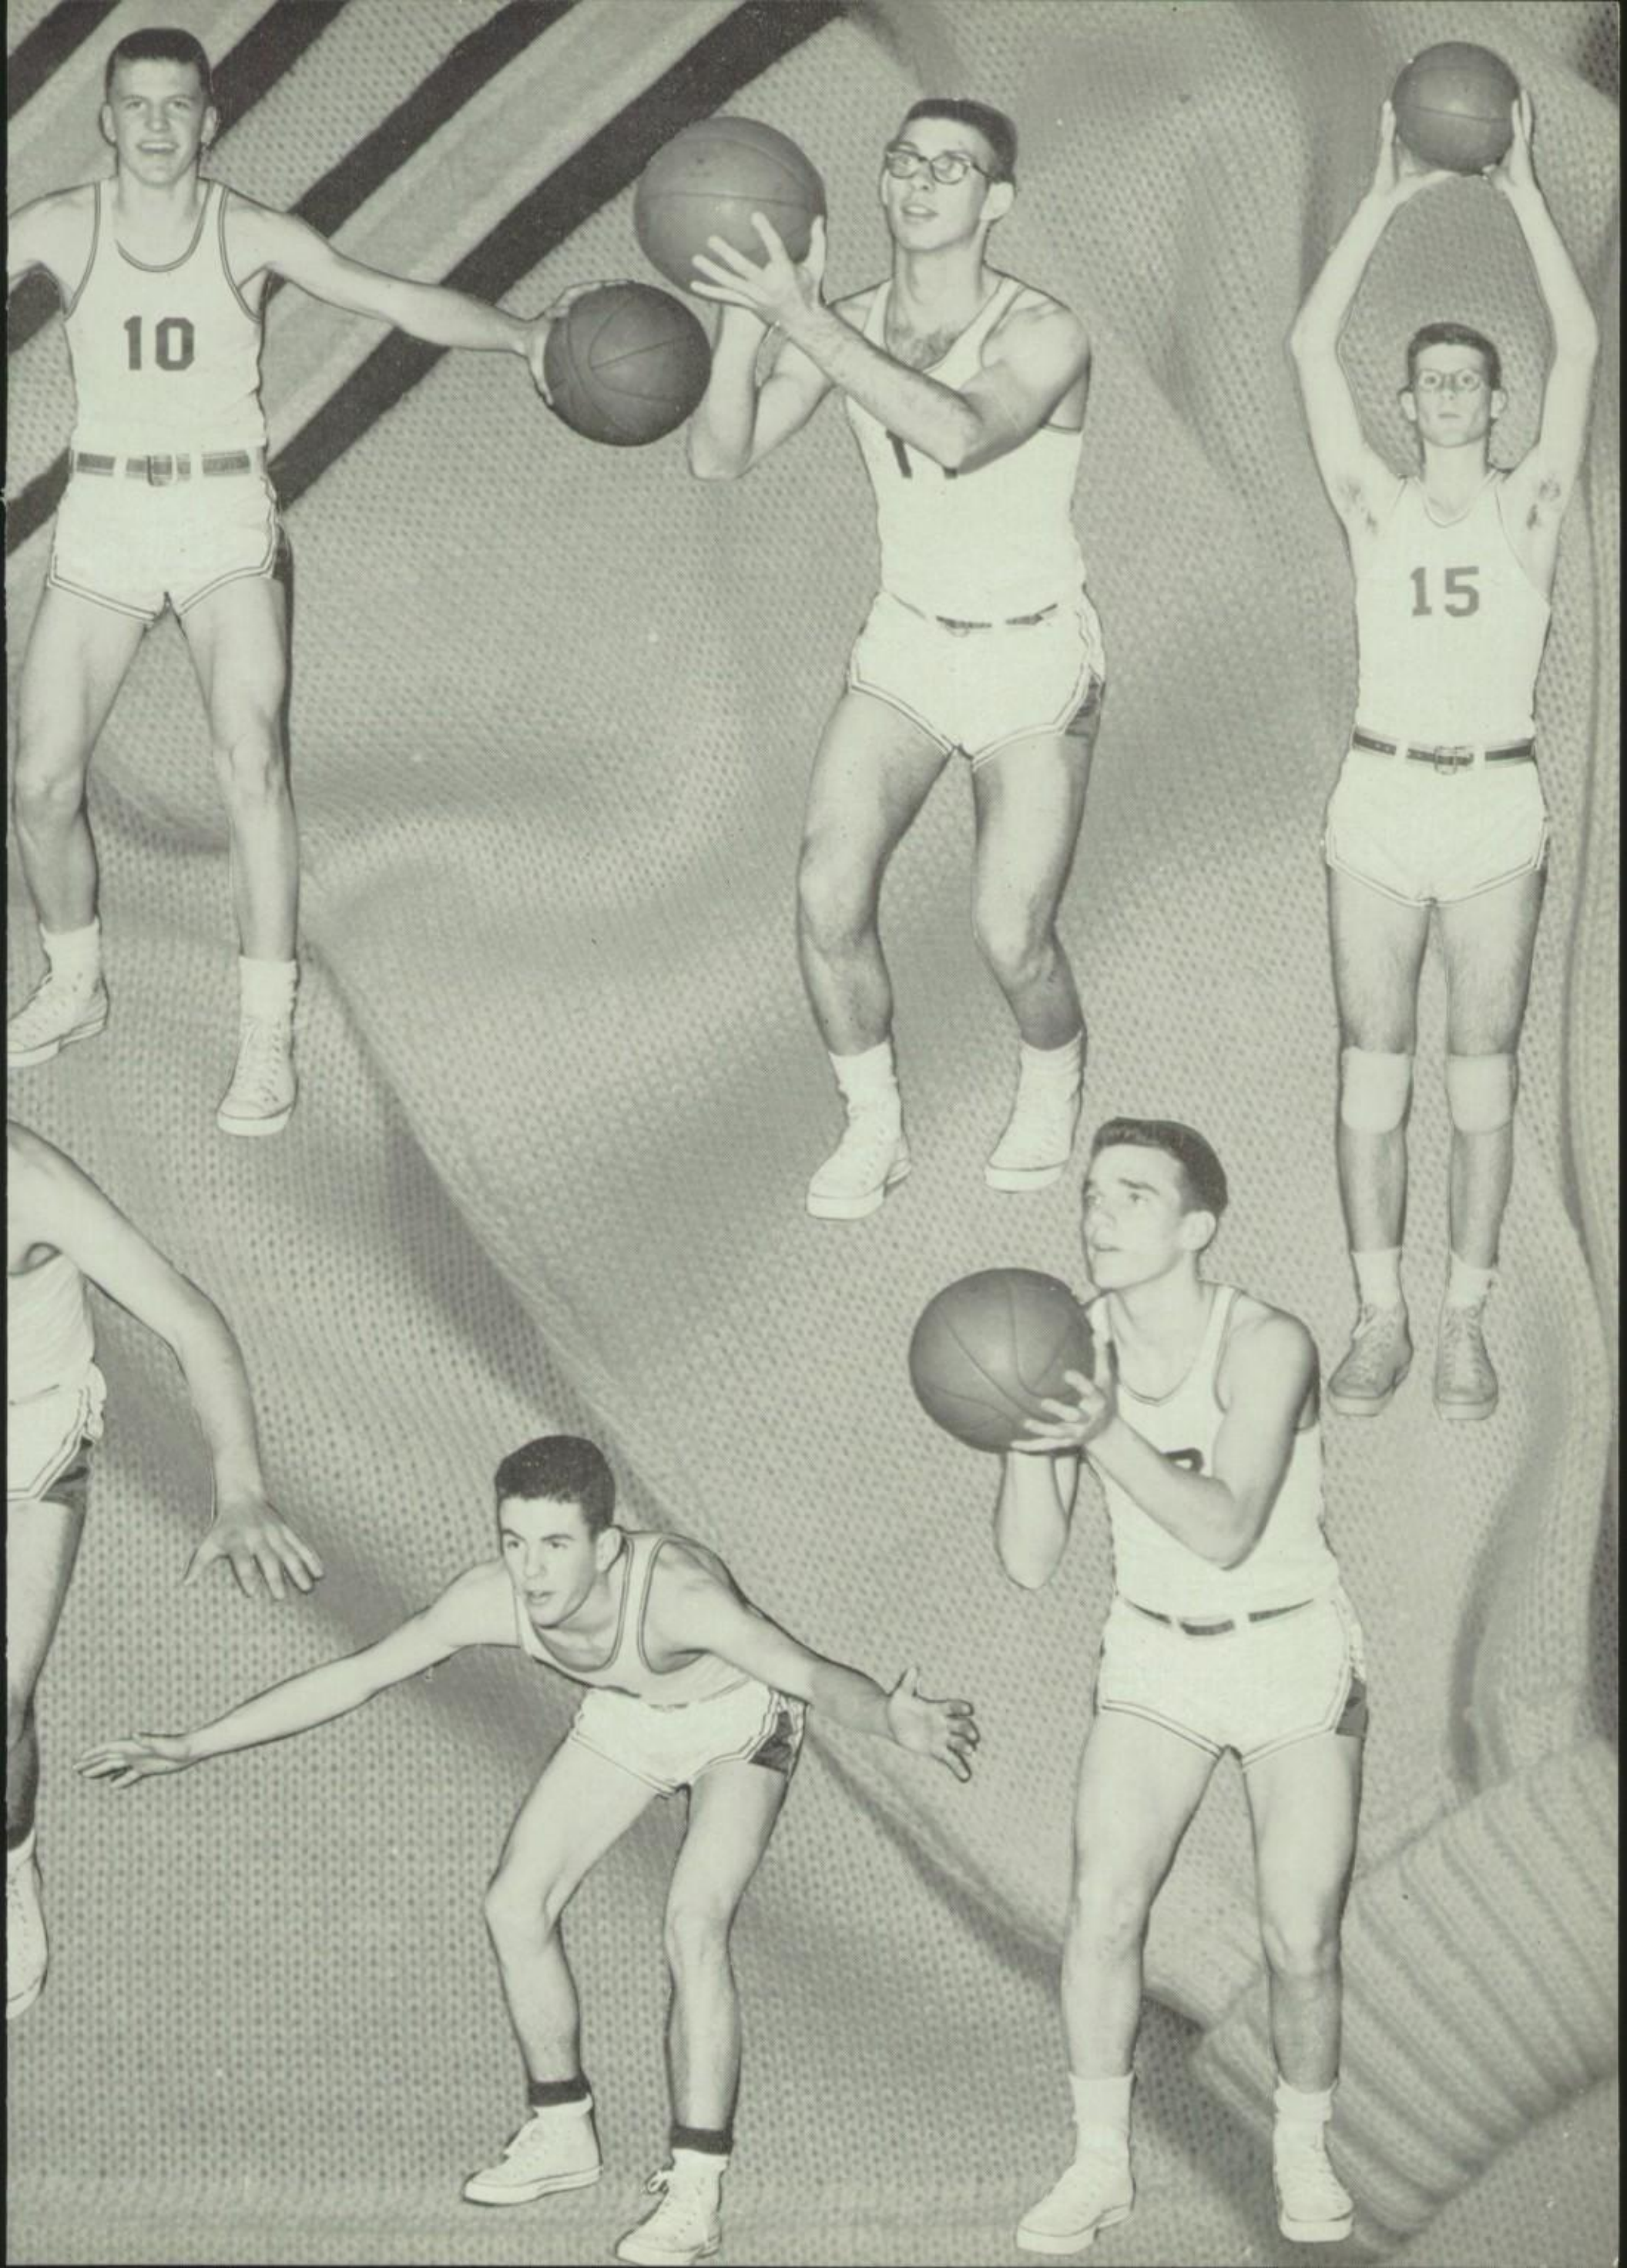

Now I'm depending on you, fellas!

VARSITY TRACK

Last year's track squad came through with one of the best seasons in the history of K.H.S. The mile relay team, consisting of Paul Hunker, Bill Cronin, Harry Wood and Bob Hallahan, greatly helped the team's points, not only by winning the relay, but by their taking either first or second in the quarter mile. Bob Silver, who strengthened the team enormously by taking the high jump, the discus and broad jump, will be hard to replace in this year's team. The mile relay team placed fifth in the State Indoor and third in the Outdoor. They also won this event at the District Meet, U. City Invitational, Clayton Invitational, and at all other dual meets. Kent Overbey, who took fifth in the mile at State Outdoor and who won the Bushyhead Trophy at the University City Invitational will be difficult to duplicate this year. Kent showed his remarkable endurance by winning both the mile run and the half mile in one day at the Clayton Invitational Meet. Other outstanding members of last year's team were Bill

Elliott and Paul Johnson, hurdlers; and Harrison Trask, a sprinter. The Kirkwood Pioneers started out their 1956 track season by winning over East St. Louis 119 to 102. The first big meet the Pioneers competed in was the Clayton Invitational. In this meet Kirkwood really showed its strength by taking seven first places and two seconds to dethrone U. City as a Clayton Invitational track champion. The next big annual meet was the U. City Invitational. This was the second time in nineteen years that Kirkwood had won over U. City. Bob Silver was the big gun of the meet as he took three first places in the high jump, broad jump, and discus. Kirkwood also took first place in the mile run, the 880, and the mile relay, and then participated in two other large meets in which they were very successful. These included the Maplewood Relays and the State Outdoor. The season ended with the Pioneers victorious in dual meets with Normandy, Webster, St. Louis U. High, and East St. Louis.

VARSITY TRACK

This year's track team again should go through the season with the excellent record as they have in the past. During the past twenty three years, Kirkwood's cindermen under Coach Emil Wiggins have established an excellent record by winning either first, second, or third place in the State Track Meets eight times. This year's track team will have the advantage of a new quarter mile track which includes a two hundred and twenty yard straightaway, upon which the Pioneers will attempt to uphold the fine record set by their predecessors by competing in dual meets with East St. Louis, University City, Webster and Normandy. They will also participate in larger meets, such as the Clayton Invitational, the University City Invitational, the Maplewood Relays, District, and both the State Indoor and Outdoor. This year's team will have to have

that extra spark to make up for all the lettermen that graduated from last year's team. Among the returning lettermen for this year are: Bruce Calder, Paul Marting, Larry Yandell, Bill Theriot, Allen Ernest, Frank McDougal, Norman Bowman, Levi Brady, Bryan Waterman, and Monk Mann. The junior team should do equally as well this year as there will be many boys with several year's experience. Some of the standouts from last year are: Dave Theriot, running the hurdles; Kent Blackwell in the half mile; Bob Weber and Dick Mueller in discus and shot. These boys and many others are expected to give an outstanding performance during the coming season. The junior cindermen will compete in dual meets with East St. Louis, Webster Groves, Normandy, University City, and St. Louis U. High. Those who show great promise will later participate at the State Indoor, U. City Invitational, Clayton Invitational, District, and State Outdoor meets.

This being a year for rebuilding the team, the matmen ended the 1957 season with a six and eight record. Since the team was composed mainly of underclassmen, Coach Walther expects to have a greatly improved team in the next two years. The leading seniors were Godi, 133; McFarland, 138; Knoesel, 165; Martin, 175;

and Brooks, 175. The outlook for next year is very promising with ten lettermen returning. They include Don Campbell, Beale, Hentschell, Lee, Pierce, Herdlin, Dunn, Dailey, Del Campbell and Neuhaus. Don Knoesel was the only member of the squad to place in the state meet.

VARSITY BASEBALL

Playing for the first time on their new diamond, the Pioneers are looking forward to the coming season with enthusiasm. The cleatmen are expecting great success under the coaching of Mr. Miller, who has led the Pioneer basketball team to many victories. The team should be strengthened considerably by the returning lettermen of last year's team. These include: Fred Aitken, and Bill Roberts, pitchers; Bill Bennett, first base; Pat White, second base; Jim Robertson, third base; Gene McClanahan, shortstop; and Mike Thomas, Steve Boillot, and Buck Leyhe, outfield. Due to the lack of experience last year's team had a mediocre season. This is also attributed to the fact that quite a bit of time was needed to find the right position for the right player. The Pioneers have twelve games scheduled for the coming year. These include games with the eleven Suburban League teams and an additional practice game with Webster. As many practice games as possible will be played before the season starts to give the team practice in working as a unit. With the experience and the new prospects who have come from Nipher, this year's team should be one of the best in the league.

"Come On Kirkwood, We're for You!"

"B" FOOTBALL

The B football team under the new leadership of Coach Stocker had a fine season this year winning three out of its five league games. The sophomores commenced the season by winning their first two games with Ritenour and University City by one point each, 13 to 12 and 19 to 18 respectively. The team also beat Ferguson 20 to 6 to win their third game of the season. The only defeats that the Pioneers suffered were from Normandy and Webster, the two strongest teams in the league. High scores of the season were Childs, Blackwell, and Wainwright.

"B" BASKETBALL

The team, under the able guidance of Coach Clodfelter, has improved tremendously since last year. For the first time in the history of Kirkwood, the "B" team played host to the other teams of the Suburban League by holding a tournament. Although the boys didn't come out on top, they tried hard and made a good showing by knocking first seeded Webster out of the tournament. They then lost to Normandy to take third place. The big guns in scoring were Theriot and Schmidt aided by the fine ball handling of Powell and Steele.

A Backhand Serve

This year's tennis team promises to be one of the finest that Kirkwood has had for many years. Out of the seven lettermen of last year, six are returning this spring. These include Jan Coester, Don Harris, Tom Moller, Scott Pratt, Jim Hodge, and Del Campbell. Last year's team had a fine record winning second place honors in the Suburban League with a record of five wins and two losses. The Pioneers were victorious over Webster, Clayton, Normandy, Maplewood, and Brentwood, but were defeated by University City and Ladue. Individual honors were taken by Scott Pratt and Don Harris who fought to the semi-finals in the District Doubles Tournament. Besides the numerous returning lettermen, who will provide much needed experience, the Pioneers will be aided greatly by the new courts at the Kirkwood Park to which the team will have access. The Pioneers will play the seven above mentioned Suburban League teams in addition to several practice games. As this book goes to press it has come to our attention that Mr. Stixrud will be the new tennis coach succeeding Mr. McCann who did a fine job coaching former teams.

Nipher's Sportsmen

The Nipher Pioneers coached by Mr. McCann terminated the first undefeated season in the history of K. H. S. This year's team should provide the future with excellent material. The basketball team expects to have a fine season under the leadership of Coach Meyer. The track team should set many records this year as they will have their own track for the first time and Coach Beltz is expecting promising boys to try out for the team.

This year's golf team expects to have another commendable season under the capable leadership of Coach Lyons who has had many very fine teams at K. H. S. for the past twenty-three years. The '57 golf team will suffer the loss of many lettermen. These include John Silver, Rich Joy, Darryl Yahl, Dave Lester, and Dave Covert. Because of their consistent low scores, these boys sparked last year's team to a superior record of nine and six. The returning lettermen for the '57 golf team include Steve Powell, Ron Bodkte, Bill O'Toole, and Gale Guyer who will probably form the nucleus of this year's squad. Many other boys are expected to try out and give the mainstays a rough time. Some of these will include Bill Euwer, Dave Drake, and Bob Johnson. The Pioneers will compete with the twelve Suburban League schools and the team will try to obtain as many practice matches as possible before the commencement of the season with St. Louis U. High, Beaumont, and Coyle. The Pioneers of this year will have access to the links at Crystal Lake Country Club where the fine leadership of Coach Lyons will direct the lettermen and new prospects into a very successful year.

Varsity Basketball

This year the girls' varsity basketball team began playing in our wonderful new gym. At first the girls had a little difficulty, since there was no girls' basketball last year, and many new rules had been developed. But they soon surmounted these obstacles. The skill and good sportsmanship the girls displayed during their games was commendable.

Varsity Hockey

A large number of girls signed up for hockey intramurals this year. From these players, the class teams were chosen. Competition was keen and exceptional skill was shown by all the players. With the aid of Mrs. Gentry the hockey managers chose this year's varsity team which competed with various schools in the city and county.

Varsity Softball

Last spring, the girls' softball season got off to a good start with a great number of girls participating in the intramurals. The varsity was then chosen by the managers and Mrs. McAllister. The team had a very successful season, winning all of its games. This wonderful record brought the 1956 girls' sports season to an exciting climax.

The varsity team, chosen from the class teams, played in many exciting games with other schools. The team displayed exceptional skill and outstanding sportsmanship.

The Lettermen

The Varsity Club, under the leadership of Mr. Miller and Mr. Lenich, has again promoted the symbol of the varsity letter to mean good sportsmanship and school spirit by their activities. Again this year the Varsity Club provided cokes for both home and visiting teams during football and basketball season. Also two plaques bearing the names of the lettermen in each sport for the last two years were presented. This year's Varsity Club started a new tradition by having a varsity-alumni basketball game. The Varsity Drag, the annual varsity club dance, was held January 19. The Varsity Club also serviced the school by having its members work at home basketball games. The activity of the club ended with the yearly picnic.

Upholding Loyalty

K-Klub, one of the most active clubs at our school, has accomplished more this year than ever before. Their many activities included two annual backward dances, the "K-Klub Karni-val" and the "Hatchet Hop," and sponsoring the Buzz Books and a float in the Tacky Day Parade. K-Klub has also organized afterschool girls' sports, including hockey in the fall, basketball and volleyball in winter, softball and a tennis tournament in the spring. New members

are admitted twice a year when they have earned the required points. One of the oldest clubs at K. H. S., K-Klub was organized to instill a spirit of fair play in its members, to provide a healthy atmosphere in which to play, and to award the individual for her participation. Team sports are emphasized for the purpose of creating a desire within a girl to work, not only for herself, but for others. With the aid of their sponsor, Mrs. Gentry, the members of K-Klub have tried hard to fulfill these aims.

SENIOR HIGH PEP CLUB

Pep Club, the largest club at K.H.S., was established to promote school spirit and to support our many teams. In order to do this they have provided buses for games at other schools, conducted parades at home, and forwarded publicity for all events. A few of Pep Club's many other projects are selling shakers and football pencils and sponsoring the "Spider

Swing", the Pep Club Skit for the Tacky Day assembly, and Miller Night. Pep Club has organized committees to support the different teams of football, basketball, wrestling, golf, tennis and track. Publicity committees were also established for the more important sports. All of these groups have done a terrific job in supporting our teams.

Despite the fact that Pep Club has encountered many obstacles this year because of the size of the club, they have surmounted these, thanks to the hard work of the officers and the excellent cooperation of the rest of the members. The officers, Jean Hashbarger, President; Lou LeBlanc, Vice-President; Peg Peterson, Secretary; Linda Caine, Treasurer; and Marilyn

Stamstead, Sergeant-at-Arms, have devoted much time and effort to make the club the best ever. This year Pep Club has a new sponsor, Mr. Stixrud, who has greatly aided the club with their many projects and problems. Altogether this has been one of the most successful years Pep Club has ever had, and it was enthusiastically supported by the student body.

At all our games this year enthusiasm has run high, thanks to the pep and spirit of our vivacious cheerleaders. They have endeavored to lead the students in supporting our teams in a spirited and sportsmanlike manner. Despite their many other school activities and the inclemency of the weather, our cheerleaders were at every game yelling and cheering our

team on to victory. Through their efforts we have had the "Frisco" bell for all our home football games, and we have had more parades and pep assemblies than in any previous year. The cheerleaders, aided by their new sponsor Mr. Horn, have done an outstanding job this year; and all the students wish to thank them for their efforts in behalf of K. H. S.

"Yea, Man!"

Nipher Pep Club was organized two years ago to promote school spirit. The Nipher cheerleaders were also chosen at the same time, and since then these two groups have proven to be indispensable in their contributions to their school. The candidates for cheerleaders are chosen on the basis of try-outs and are then voted upon by the members of Pep Club. The cheerleaders have striven to create pride in their school at both home and away games. Buses have been provided for the away games and red and white shakers have been sold at all the games. Pep Club has also had several candy sales to raise money for their activities. Under the capable direction of their sponsors, Miss Sally Ozark and Miss Patricia Otto, the officers and other members have worked diligently to support their teams in football, basketball, and the other sports. Nipher is grateful to Pep Club and the Cheerleaders for their many accomplishments.

ADVENTURES

AT K.H.S.

Student Council comes to order

STUDENT COUNCIL

Because of the democratic ideals represented and promoted, Student Council is considered the most honorable organization in K. H. S. The members, who are chosen from the individual classes, strive to solve inter and intra-school problems. Kirkwood's Council sent delegates to both county and state gatherings this year where representatives discussed citizenship, social, fund-raising, and service projects. Better relations between the organization and the student body were encouraged by having girls and boys not on the council participate in its activities. New ideas this year included making a handbook for new students, and helped organize a Teen Town, which was opened to both teams after home basketball games. Student Council also carried out functions such as class elections, Orientation Day for new pupils, and the May Fete. Different committees kept the Snack Bar open every day, and devised ingenious ways to collect money by selling beanies, bracelets, badges, athletic passes, and innumerable other trinkets! In 1958 the Student Council hopes to broaden its experience by holding the state convention here, and energetic underclassmen are already making plans.

Striving To Offer Guidance And Leadership

F.T.A.

To explore the opportunities and responsibilities of education, to cultivate essential character qualifications of good instructions, and to encourage entrance into the teaching profession are the purposes of F.T.A. This year F.T.A. chose a new sponsor, Mrs. Brooks, who has been very enthusiastic about the club's activities and has taken part in discussions at county-wide meetings. One money-making idea she received was the checking of coats at dances, basketball games, and concerts. F.T.A. and Toastmasters undertook this project and divided the profits. In order that business would not take up so much time at meetings, an executive committee was formed to take care of current problems. During the fall, Diana Fogler, Lois Hutcheson, and Brenda Swisher attended the State Future Teachers of America Convention in Kansas City, where Lois was elected treasurer for the state. The club invited guest speakers to discuss various fields in education, and the pleasures and disappointments encountered in teaching. During spring, the group spent a day at the grade schools in Kirkwood, examining textbooks, grading papers, observing teachers' handling of the children as well as their methods of instruction, and, in some schools, took over classes themselves.

You are now members of the F. T. A.

OFFICE ASSISTANTS

"Service to our school" is the primary concern of those girls who serve as office assistants. Their many deeds such as delivering messages, answering the telephone, and collecting the attendance records illustrate their indispensability to our school. At the beginning and end of each semester, the office assistants are busily engaged in helping to fill out schedule cards, giving out locker numbers and combinations, as well as making appointments for pupils and counselors. The qualities of honesty, trustworthiness, poise, dependability, and outstanding scholarship are sought in the selection of these girls. By setting examples as model citizens, they have upheld the high standards of K. H. S. and are rewarded for their many helpful accomplishments by being asked to usher at the June graduation. Each year these girls prove their high degree of capability and usefulness by carrying out their tasks to the best of their ability.

LATIN CLUB

"Let us then be up and doing" some worthwhile functions in understanding internationalism. The K.H.S. Latin Club is striving to attain this goal. Although the life of ancient Romans is not directly connected to internationalism, indirectly a knowledge and interest in Roman customs will aid the American in a wider understanding of his world neighbors. With a better comprehension of the civilizations of Greece and Rome, today's citizen may better understand and appreciate his own world. Accordingly, Kirkwood High School's Latin Club provides an opportunity to associate these ideas with the modern world in which we live. To supplement classwork by learning more about these ancient peoples and under the guidance of Miss Gregory, the Latin Club helps develop ideas "with a firm and ample base" for the knowledge of the Latin language from which so many English words are derived.

A Backward Glance Encouraging

The purpose of Nipher Junior Classical League is to acquaint its members with the government, laws, literature, languages, and arts of ancient Greece and Rome. They believe that this will enable them to understand and appraise the modern world. In order to accomplish their aim the group sees movies, gives re-

ports, and has panel discussions on the ancient civilization. Occasionally a guest speaker is present at their meetings. An initiation banquet, a spring picnic, and attending both the State Convention and National Convention are a few of the group's activities under the outstanding direction of Mrs. Schwerdtmann.

Harmonious Living Today

NIPHER SPANISH CLUB

For students who desire a better understanding of the Spanish-speaking people, the Spanish Club has been organized. The girls and boys feel that the more Americans learn about the customs and traditions of their neighbors to the South, the closer the two continents will become. Study of the language itself is made more enjoyable for the students when they know about the countries and the people. During the Christmas season, the club's sponsor, Miss Ozark, and the officers planned a "Pinata Party" for the members. Breaking the pinata, which is full of candies and nuts, has long been a Christmas tradition in Mexico. At the meetings following the party, the club invited speakers to bring slides to show to the group. This year, members feel that they have gained useful information about their southern friends as well as share in many entertaining events.

NIPHER FRENCH CLUB

The Nipher French Club is one of the newly organized clubs at Junior High. The outstanding functions are to enlarge upon the knowledge of France, and to help the students understand the people of this country, their culture, and language. This knowledge can be used for the purpose of enjoying the habits and traditions of the French people, to instill a more thorough understanding, and to help promote world fellowship. Then, too, the pleasant experience of group co-operation provides the opportunity for a valuable exchange of ideas. To aid the members in learning this language, the meetings are carried on in French with each participant trying to produce his best French accent. Some of the activities of this club have been programs featuring French music and art and also giving candy sales to substantiate their many programs.

The Sophomore and Junior Hi-Y's are two very active organizations at K.H.S. The Hi-Y platform is "to promote high standards of Christian living throughout the home, school, and community by clean speech and clean living." The club meetings for the most part have varied programs, including discussions, movies, and guest speakers. The yearly big-scale project

for the Hi-Y is one that includes all the clubs in the state. This program is the Hi-Y Youth and Government Model Legislature. By combining business and recreation, and performing helpful services wherever needed, these clubs help to build better citizens for tomorrow who will abandon prejudice and further world co-operation.

QUILL AND SCROLL

Quill and Scroll, an honorary organization for high school journalists, was organized to encourage and reward individual achievements in journalism. The Kirkwood branch of the national organization derived its name from the first two letters of the yearbook and the newspaper, forming the word "Pica" Chapter. Sponsored by Mrs. Williams and Mrs. Steinkamp, a student must be in the upper third of his class, and have worked on the Call or Pioneer Staffs to be eligible for membership. Only girls and boys who have made exceptional contributions to the Call, such as editors, reporters, and those serving on the business staff are invited to join; all members of Pioneer are automatically initiated. The officers, Dave Cole, President; Quentin Almstedt, Vice-President; and Martha Clark, Secretary; planned an impressive candle-light ceremony at which new members received their cards and pins, and discussed plans for a future magazine.

THE PIONEER

The members of Pioneer have one aim, to present the students with an outstanding and original yearbook. Throughout the first semester the staff's ingenuity is combined in the planning of a yearbook which we hope will surpass those of previous years. After pictures have been taken and the lay-outs completed, the difficult jobs of identifying pictures and summarizing club activities are started. During the

holidays at the end of the first semester, the staff can be found placing the final touches on the greater part of the yearbook, as it must be sent to press at that time. In order to finance the yearbook and to insure the student body "of the best yearbook ever," the Pioneer Staff of 1957 devised a new means of earning money by sponsoring a Christmas card mailing service. During the holiday season, we collected and then delivered cards to first-period classes. In February, the annual "Pioneer Prance" was held which heralded the crowning of the Pioneer Queen. All these aims and activities could not have been accomplished without the expert advice and guidance of our sponsor, Mrs. Steinkamp and Mrs. Parham, Nipher Co-ordinator.

THESPIANS

The Thespian Organization, Troup 748 of the National Thespian Society of K.H.S., is an honorary group composed of Little Theater members who have earned a minimum of one hundred points. Several times during the year its members attended Thespian workshops held in the St. Louis area. To support excellence in the field of dramatics is the aim of Thespians. In the spring the group held its annual initiation where they elected an honorary Thespian.

LITTLE THEATER

This year, under the capable direction of Mr. Hansen, Little Theater produced "Arsenic and Old Lace." The aim of Little Theater is to provide students with a better knowledge of the theater and to promote outstanding work in all phases of the art. To become a member of the club one must earn twenty points by working on a crew for the fall production. The conclusive features of the club are its annual picnic and election of officers.

Speeches for Practical Aspects

TOASTMASTERS

Under the enthusiastic leadership of Mr. Via, Toastmasters has made a great deal of progress by striving to improve leadership and communication through better speech. As a part of their program they visited various adult Toastmasters' Clubs and held a dance in November entitled "The Neptune Nock-About". Included in their plans are intentions of playing host to guest speakers at weekly meetings. This organization provided our school with a fine and highly appreciated service.

DEBATE CLUB

"Honorable judges, worthy opponents", these words illustrate the activities of the K.H.S. Debate Club. Their frequent debates among members of the club afforded them much pleasure and experience. In the Webster Tournament—Roger Kirkpatrick took first place and the team won four out of six debates. At St. Louis U. they won three out of six debates and Jim Kutler was judged one of the four top debaters from seventeen St. Louis schools, a record of which we are very proud.

Journalism Personified

THE CALL

K. H. S. is truly proud of its newspaper, the Call, published bi-weekly under the outstanding guidance of Mrs. Williams. The Call endeavors to assist school organizations and inform the student body by proper news coverage in high journalistic standards. The Call's sixteen issues, including the special Tacky Day, April Fool, and Senior issues, are eagerly anticipated by the students. In addition to publishing the newspaper, this organization prints the football programs for all home games. The Call also sponsors "The Call

RADIO CLUB

The Radio Club, now a permanent fixation at K. H. S., is endeavoring to promote an interest in amateur radio among its members and to acquaint people with this fascinating subject. This organization provides a means of uniting people interested in the field of radio. Although the Radio Club is a comparatively young group, it has already set up its own station, and several members have received their amateur radio licenses. Under the enthusiastic leadership of Mrs. Conley, many interesting programs have been sponsored during the year, among which was entering contests for nationwide recognition.

CAMERA CLUB

Under the enthusiastic leadership of Mr. Headlee and the officers, members of Camera Club learned the fundamentals of photography. Activities of the group included field trips, where they found opportunities to take excellent pictures, and meetings at which different phases of photography were explained. The location of a "dark room" in the Science Building enabled members to print and enlarge their pictures. Their main project was the sponsorship of a contest near the end of the year in which students submitted photographs. Prizes were awarded to the persons whose pictures were judged the best.

NIPHER PROJECTION CLUB

The Nipher Projection Club, under the leadership of Mr. Roberts, trains the students in the operation of movie projectors as an individual hobby and helps teachers to show films to their classes by managing the machines. Before the members are eligible to show movies, they must learn the parts of a projector and pass a test on its operation given by the sponsor. Usually the members are taken from their study halls to operate the projectors in the classrooms. The boys, besides learning a useful skill, also enjoy their club's meetings and activities.

NIPHER ART CLUB

The Nipher Art Club is now prominent in developing a greater appreciation and knowledge of art among Junior High students. Under the enthusiastic and capable leadership of Miss Hendrick, the members are proud of the club and the progress it has been making. Here is an organization dedicated to high standards of art work, both within the classroom and without, which is furthered through lectures, field trips and club projects. Having combined the willingness to progress and the eagerness to participate, Nipher Art Club members have already proved very active.

Artistic Achievements

ART CLUB

"Art is long" and the artistic impressions and expressions will forever be a part of the members of the Art Club. Students of K.H.S., who are interested in art, are able to further their scholastic interest and understanding, while their artistic development is stimulated through service and self-expression. A good citizen is appreciative of the finer things in life, and the Art Club provides a satisfying aesthetic experience which develops standards of good taste and judgment, enabling art students to enjoy the beautiful in nature as well as in art. Some of the club's many activities this past year have been painting the windows of the Kirkwood business district with Halloween pictures, and promoting the annual Art Club dance. The members also made a beautiful Snack Bar mural which ornately decorates our cafeteria. Many field trips to very interesting places provided both educational and recreational value to its members. Under the capable leadership of Miss Jean Sheppard and with the help of the officers, George Wagner, President; Billie Lamkin, Vice-President; Joan Zimmermann, Secretary; and Judy Isaac, Treasurer, the Art Club of K.H.S. has given many people new insights into the field of art.

JUNIOR HIGH BEACON

The Junior High Beacon was one year old on December 9, 1956, three months after Nipher had become an independent school. The paper's first editor-in-chief was Stuart Harris, and its sponsors are Mrs. Durham and Mr. Beltz. On September 6, 1956, the Beacon published an "Opening Day" issue. It had two reasons for doing so: one, to provide for every student a bulletin of useful information regarding Nipher's activities, rules, and traditions, and second, to introduce the new students to the bi-weekly newspaper. The Beacon Staff appeared twice on the television program, "Look, Listen, and Learn" in the fall. On the first program the history of the Beacon was enacted in a skit. Featured on the second program were the paper's original editors. With fifteen hundred subscribers the Beacon has come a long way since their first issue in attaining their goal. This year, under the editorship of Lee Weigel, the Beacon has become a truly fine newspaper.

Exploration in a World of Books

K. H. S. LIBRARY ASSISTANTS

To provide experience for students interested in library work and to give book service to K. H. S. pupils are the two main functions of the library assistants. They give a daily study period to servicing the circulation desk, reference, magazine, and reserved book sections, and to working in the library office. Kirkwood High is one of the few schools in Missouri that is authorized to give credit for this worthwhile activity under the leadership of Mrs. Fox.

NIPHER LIBRARY CLUB

By serving as library assistants, these Nipher students receive training for possible future occupations and their enjoyment and appreciation for books increase. The most outstanding activity this year was the drafting of a constitution for the club, but the members also selected pins and planned gala social events under the sponsorship of Mrs. Werner. They promoted a greater interest in reading in the student body by having an assembly during the National Book week.

Participation in Actual Service

The Cooperative Occupational Education Program (C.O.E.) was introduced into the Kirkwood School system this year and is under the direction of Mr. Henderson. It is a cooperative effort by the school, business, and industry to provide on-the-job training for students in occupational areas of their choice. The program is directed toward the accomplishment of two major objectives: to assist individuals in an intelligent choice of a field of work and to provide supervised occupational activity for the development of desirable work habits and attitudes.

Election of officers was the group's first achievement. They also took part in state C.O.E. activities. In Jefferson City George Wagner was elected President of all C.O.E. clubs in the state of Missouri. The organization held an Employer-Employee Banquet in the spring. The C.O.E. course has certainly enriched the curriculum of Kirkwood High School.

A Route to Better World Conditions

HUMAN RELATIONS

To learn to work out a satisfactory relationship with our fellow man is the primary aim of all Human Relation members. They work with each other to fulfill the following goals, "We have learned to fly through the air like birds, and to swim under the sea like fish. Now all we have to do is to learn to walk the earth like men." To accomplish this aim, Human Relations Club members have appointed committees for various areas of activities, chosen delegates to Inter-Group Youth Conferences, to work in conjunction with the National Conference of Christians and Jews. Sending delegates, chosen from the Social Studies classes, to the annual Model UN Assembly is a project of this club and is one of wide interest among the students. Panel discussions are held which present an opportunity for problems of importance to both the school and community. School issues such as the pros and cons of honor rolls, school citizenship, and cliques are debated. Segregation and foreign aid are among those subjects discussed which are of importance to community life.

By instilling a knowledge and understanding of people all over the world and furthering human relations with these people, this club has done well in promoting the idea of the need of peace which confronts the world today. The officers, Craig Bester, President; Martha Holscher, Vice-President; Janet Senger, Jan Wirtel, Secretaries; Priscilla Schwartz, Treasurer; and Linda Caine, Helen Carpenter, Reporters; have worked hard to promote their aims through

well-planned programs and interesting discussions in which all viewpoints of an issue are presented. This gives a clear picture of the different problems and enables each member to see distinctly the opposite sides of an argument. This club, with the fine leadership of Miss Dewey Shikles, strives to achieve its goal of bettering world conditions by enlightening public understanding and by exploring all avenues leading to a more peaceful and orderly union.

NIPHER STUDENT COUNCIL

This is the second year that the Nipher Student Council sponsored by Mr. Duchek, has had the full responsibility of governing the school. The council stands for the highest ideals of Nipher. It has three purposes: to assist in

carrying out worthwhile projects for the entire school, to strive for better relations among students, faculty, and administration, and to create better school attitudes and appreciations. One person from each home room was elected to serve on the council. Directing class elections

was one of the first duties the council performed. In December, Student Day was held. By actually assuming teaching, administrative and supervisory duties, the students learned through experience how Nipher operates during a normal day. In January the council supervised

the annual Talent Assembly. In April another Green Thumb project was held whereby the students reseeded and fertilized the school lawn. The Nipher Student Council, under the able leadership of their President, Tim Taft, has had a very rewarding year.

A Bond with Nature

K. H. S. CONSERVATION CLUB

The K. H. S. Conservation Club aims always to teach its members to realize seriously that our natural resources are not unlimited and that steps must be taken to replace and preserve them. With its main purpose of teaching the seriousness of caring for natural resources, Miss Henry stresses the fact that resources will not last forever without proper attention. The members learn to practice and understand methods which will lay the foundation for a plentiful future. Accordingly, the club has featured some highly instructive movies, which stress the havoc wrought by forest fires and those picturing agricultural and soil conservation methods practiced in foreign countries, as well as those used in this country. The key importance of the Kirkwood Conservation Club is to instill knowledge concerning modern conservation measures in the minds of members as well as a love for the natural world. Some of their many activities have been numerous field trips through the year, and an exhibit at the Science Fair. Five scholarships which consist of a ticket to the Audubon Screen Tour series have been given this year.

Aim — Leadership

JUNIOR-SENIOR Y-TEENS

The Kirkwood Junior-Senior Y-Teens have one of the school's more active organizations. This club, designed to promote understanding and unity, has developed a large number of commendable ideals through its varied programs under the direction of Mrs. Rummel. Working together in a spirit of mutual respect for all religions, the members have helped to originate Teen-Town, and have tried to promote understanding between people of different backgrounds. The Y-Teens are members of an organization which stresses religious and racial toleration. These girls endeavor to build a fellowship devoted to the task of developing wholesome characters which are fundamental in the home, school, and community. Through city-wide conferences with other chapters, they develop lasting friendships as they work for world peace.

Making money the hard way.

Accomplishment - Religious Faith

NIPHER Y-TEENS

These girls constantly strive to follow Christian ideals in their lives by serving others. Besides giving direct service to organizations like the Red Cross Blood Bank and the Old Folks' Home in Kirkwood, the members earned enough money to send two delegates to a Regional Conference in Peoria, Illinois and contributed a World Fellowship Gift. The energetic group earned money by washing cars, raking leaves, holding bake sales, and selling stationery. Besides their moneymaking projects, they found time to attend the Y-Teen Banquet, and to give a tea for their mothers to explain the aim of the club. Through their experiences in this organization, the girls have given help to other people and strengthened their own characters.

"Hail

Kirkwood High School!

Unto Thee We Sing,

Homage We Bring."

The band, under the direction of Mr. Isaac, serves the school, the individual, and the community by raising the standards of music and giving students an experience they can enjoy throughout life. This year, members played at football games and pep rallies, gave Christmas and spring concerts, and participated in the

County Music Festival. In all these events, the group is rewarded for the time and effort each participant puts forth by the success of the performances.

Raising the standards of music in the school and community as well as serving the school and students are the aims of the K. H. S. senior

high orchestra. Each member of this group realizes that in order to achieve the goal of perfect harmony he must consider himself a smaller part contributing to a unit. The spirit of unity which exists in the orchestra was exemplified by its outstanding Christmas and spring concerts under the excellent direction of Mr. Isaac.

Experiencing the Culture

JUNIOR HIGH CONCERT BAND

Music has played an outstanding part in the life of almost every student at Nipher. One of the school's finest examples of cooperation resulting in a pleasing finished product is the Junior High Concert Band. Each member of this group must forfeit any desires for individual superiority to accomplish the goal of perfect co-ordination, which never fails to spell success. The many accomplishments of the Concert Band are truly a great asset to the school under the direction of Mr. Beatty.

GIRLS' GLEE CLUB

This organization of high school girls can be proud of their excellent performances at the Christmas and Spring Concerts. The girls assisted Mrs. McGill in planning the programs, and willingly gave their time for practices. Because of the interest and cooperation of the members, this year's chorus has been outstanding in all of its functions.

MIXED ENSEMBLE

This group of selected members from the A Cappella Choir participated in many functions throughout the city. They appeared on television, gave concerts for service clubs, and performed at Kiel Auditorium. Many mornings before school, they met with Mrs. McGill for special practices. Their singing has been excellent and afforded the listeners much pleasure.

A CAPPELLA CHOIR

A Cappella Choir is the highest goal for all singers at K.H.S. and represents hard work as well as fun. Through their high school years, girls and boys strive toward the honor of singing in this vocal group. Although the members often sing for smaller organizations, their two main concerts are during the Christmas season and in spring. For these, they

work out processions, perform solos and dramatizations, and even paint scenery. Before the concerts, someone inevitably forgets his robe and rushes home at the last minute for the forgotten article. The effort put forth has its reward, however. Although rehearsals, parties, and the picnic at the end of the year are enjoyed by everyone, a member experiences his greatest thrill when he wears his robe for the first time and sings the choir response, "The Lord Bless You and Keep You."

NINTH GRADE MIXED CHORUS

Singing in a mixed group is a new experience for most of the Nipherites, as their choruses are separated prior to the ninth grade. This year the chorus is directed by Miss Puchbauer, who selected a variety of numbers for performances. During the Christmas holiday season, the group gave a concert of carols for their parents. The last few days before vacation, they sang in the halls, helping to create a Christmas spirit among the students. After practicing

for many weeks, they attended the St. Louis County Music Festival, where their performance was criticized by judges. This was an exciting occasion for the students, as they were competing against excellent opposition. Shortly after the festival, they also gave a spring concert. Only because of the girls' and the boys' enthusiasm for singing and their willingness to practice are their concerts made so enjoyable. Those who wish to sing in the high school choir receive valuable training in mixed chorus, and everyone receives pleasure.

A Chronological Account

SEPTEMBER: No First Aid classes this year! The second year at K.H.S. has opened with the students eager to visit the recently completed gymnasium and auditorium. Man, do you jive those crazy mixed up curtains and how about those leather seats—Wow! This is really a treat to both faculty and students. The CALL starts the social season off with a whirl by presenting "The Maiden Voyage", while our initial pep assembly held in the new aud. shows the super football team that we are backing them all the way. Student Council has their first meeting with Parliamentary Procedure; and Snack Bar, one of their many projects, is opened. We finally dedicate our building after being here for a year.

OCTOBER: Is your hair rather droopy in your class picture? If so—it's because of the London fog present on a day when Pioneer took pictures. Once again our hallowed halls are cluttered with signs of all shapes and sizes. Don't we really go all out for class elections? In assemblies we learn how not to drive a car from Sergeant Pike and from George "Specs" Toporcer we discover that one can surmount obstacles no matter how difficult they may seem. Congratulations to all the very deserving class officers. Times are changing—with the gals asking the guys to the K-Klub Karnival and the Spider Swing. Do you always wear shaving cream for an accessory, or just on All Hallows Eve?

NOVEMBER: On College Day, which seems to be a crystal ball of dreams, we look into the future—let's just hope we pass this quarter! After many weeks of hard work, "Arsenic and Old Lace" is a tremendous success for Little Theater. The costumes and the Pep Club skit on Tackey Day are really hilarious; but gosh we froze at the Bonfire held on our own campus. "There goes the bell

and here comes the little brown jug" is a final statement as we wind up the football season on Thanksgiving Day—four wins and five losses. Congrats to Nancy Brown who, along with Webster's Queen, reigned at the annual Friendship Dance held in our new gym.

DECEMBER: "Do you know your wealthy words?" and "Oh! Do you know what happened in Shelley, Byron, and Keat's life?" are familiar questions to all Seniors at this time of year. After the Varsity-Alumni game which initiates our new gym, the Denver Quintet takes over. Charles King sings for us—but we goofed—no free lunches this time. The Call comes out in green with another scoop—Mr. Wiggins wins the door decorations! With the Christmas activities a poppin, concerts presented by the vocal groups and the instrumental section start us for a ride on Cloud 9—Christmas Formal, Steinie's tea, and more teas—parties—dates—goodies—and no school! We say good-by 1956 at Sunny's Surprise breakfast on the morning of December 31 and at parties which lasted far into the wee small hours of New Year's Day.

JANUARY: Back to school and back on a diet—They say "All good things must come to an end." The Millermen play gobs and gobs of games, and we sure are backing them all the way. Everything seems to be going in one big whirl—semester exams—K-Klub initiation—wrestling meets—a heartbreaking game with U. City which we lost in the last second by one point!—a day drudging for the Pioneer, and then report cards. Nice going to Dexheimer, Fedder, Gibbons, Lange, Oberer, and Stevenson, for being named as finalists in the National Merit Scholarship. Red and White "K"'s are a remembrance from the Varsity Drag and adorn each girl's Bulletin Board.

Of 1957 Ventures

FEBRUARY: We surely are bustin' with pride! Our Millermen begin the month with a winning streak by coming up second in the Webster Tournament! The social season is sparked with the Pioneer Prance and the Senior Hay Hop. Congratulations Jan! You make a darling Pioneer Queen. And to Norman Luttbeg and Carol Whitbread who are given the novel titles of Farmer and Farmer's Daughter. Seniors are planning for the Senior Assembly, Skip Day and Graduation; juniors for the Junior-Senior Prom; and sophomores are busily looking forward to the end of school. As Valentine's Day looms up girls are anxiously watching the mailbox—or is it vice versa? Did you peep at your Patch Test? All of K.H.S. thanks Mr. George Washington for making another holiday possible. Our wonderful coach is honored on Millernight and we say farewell to a jolly fellow, Joe Mullendore.

MARCH: The dolls drag their guys to the Hatchet Hop—you are a well deserving Hatchet Man, Gene! Everyone—sophomores, juniors, seniors, and faculty welcome Mr. Cochran back to our halls. Hats off to Lou and Gene, Popularity Poll winners, and to our debaters—you did a terrific job at the tournament. What a wonderful time we have on our trip to China at the Art Club Dance and we never knew there were so many twins 'til the Twin Twirl! Mr. Krone entertains us with "teasers" from "Macbeth." We are as busy as little beavers going to basketball games, Student Council Carnival and with more tryouts for the Talent Assembly. Just think—our Millermen winning the Webster Regional and going to State!

APRIL: No school this month! April Fool! Mr. U. puts on a gala band concert. We do have a day off while the faculty goes to a Teachers' Meeting. K.H.S. shows off her

talent at the superb Talent Assembly. Our report cards make us sit up and take more notice of our homework—let's hope they'll be better next quarter. Now Wiggie's men are in full swing; the seniors are dashing around with the play and assembly sneaking up on them. The Juniors presented the seniors with a splendid Junior-Senior Prom. Congratulations are in order for the 1957 May Maids: Sally Neville, Nancy Youngblood, Lou LeBlanc, Jona Dail, Menda McComb, Elizabeth Gardner, and Jean Hashbarger. After our Easter Vacation we come back full of enthusiasm—only one more month of school!

MAY: We really have some fine new cheerleaders and two terrific Call and Pioneer Staffs—congratulations to everyone. The cast and crew for the Senior Play, "Best Foot Forward," gave two hilarious performances. The May Fete including the lovely flowers, decorations, and queen seems to be the prettiest ever. The seniors certainly enjoy themselves at the dinner after the May Fete. The Coronation Prom, held in honor of the May Queen, is our last dance of the year. The Pioneers come out—wow, aren't they beautiful?—Some staff! No more school for the seniors after the Skip Day—what fun!

JUNE: We finally made it! Graduation is here! Carol, Dave, Casey, and Craig deliver marvelous orations expressing the feeling of the Senior Class. And now with the beginning of the end at hand, freshman are in dubious thought of the step to be taken next year, sophomores are anticipating the hard work of their junior year, juniors are anxiously awaiting the superiority of being a senior, while seniors are reviewing with misty eyes the glorious year which terminated far too soon. Good luck—see you during Xmas vacation!
